

Belle Vie Farm's Summer Overnight Camp Adventure 2026

Each Thursday during our 10 summer camp weeks, we will offer 10 campers a chance to have an overnight adventure at Belle Vie Farm. We will accept up to 5 girls and 5 boys for each Thursday overnight.

Overnight staff will include a male counselor for the boys' group and a female counselor for the girls' group. Additionally, at least two other camp administrators will be present overnight at the farm during Thursday night SOCAs.

Campers will sleep in either tents or cabins, with girls in one tent and boys in a separate tent. Counselors will have their own tents adjacent to each group's tent. Tents will be set up near the barn.

Shelley and Kevin will serve snacks, dinner and breakfast for the campers and will reach out to parents of registered campers for additional information regarding food requirements and preferences.

Campers will have access to a telephone if they need to reach out to their parents during the night.

Campers will always have access to bathrooms and a shower, if needed.

Activities will include a sunset hike, fire pit story time and singing, dinner under the stars, and nighttime games (glow stick tag, etc). Camper will have a chance to help put all the animals to bed in the evening. If temperatures are unbearable, we have an air conditioned cabin and a second air conditioned building where the campers can relocate.

Campers will rise with the rooster and work together as a team to make breakfast: gather eggs, bake biscuits, cook oatmeal over the fire! At 8:30am, SOCA campers will join the regular day campers for their last day of the camp week!
